

patent application was missing from the Patent Office file, the below-signed attorney promptly reviewed his file and determined that no Fig. 5 was prepared or meant to be included in the above-identified patent application, but that the Description of the Drawings in the specification of the patent application contained several errors, including an erroneous description of a non-existent Fig. 5 and incorrect description of Figs. 1-4. Accordingly, it is requested that the Specification be amended to correct those formal matters.

The below-signed attorney has reviewed the full specification of the patent application and believes it is in full accord with the above-requested amendments to the "BRIEF DESCRIPTION OF THE SEVERAL VIEWS OF THE DRAWINGS."

It is respectfully submitted that the present application and all of its remaining claims are now in condition for printing. It is respectfully requested that a telephone call be made to the undersigned attorney at the indicated telephone number if there is any questions or concerns with this amendment. An early formal favorable action is requested. Please charge any fees concerning this document to Deposit Account No. 23-0125.

Respectfully submitted,
Virginia S. McClendon
